

# Šimon Rálek

## Junior Software Engineer

I am an ambitious young programmer who wants to keep learning and improving my knowledge. I am very interested in new technologies and following new developments in the field. I am a great problem solver and have a knack for finding creative solutions to difficult problems. I am a team player and work well with others, but I am also comfortable working independently. I have a strong work ethic and take pride in my work. I am always looking for new challenges and am enthusiastic about learning new things.
